Play the math game "**Race to Trace**" and a card game with your family. (Crazy 8's, Go Fish)

Exploration: Autumn is all around us. The days are getting colder, the leaves continue to change color and fall. When you are outside today, notice all the changes around you. Try to use all your senses. What do you see? Hear? Smell? How does it feel to be outside? Is it cold? If you find any interesting fall items, please take a picture for me 😊 Watch the video in the link (**Autumn is Here**) to learn more. Listen to the story: **Fletcher and the Autumn Leaves**.

Art: Leaf rubbings! Choose some leaves of various shapes and sizes. Place a leaf under a piece of paper and rub with a crayon. Notice the cool design you made!

I hope you can play and explore outside each day! Send pictures of you learning and having fun to my email: Chantal.poole@nbed.nb.ca I would love to hear from you!

Hugs, Mrs. Poole
