Good Morning Grade 2!

It looks like today will be a much warmer day, compared to the temperatures we had! We are expecting some snow, maybe it will be snowman making snow! I hope that everyone enjoyed their day yesterday.

Here are some activities you can work on today.

Orange Homework Books

- **Read** – Choose a book to read from the reading bag. Use your strategies to help with the reading and record the on the log sheet.
- **Read** – Share a story book with someone at home or share one from Tumble Books. The link and passwords are on the class page.
- **Spelling** – Test - Week 7 Words – Use the test sheet in your pack and have someone call out the words for you. Spell them on the sheet. Good luck!!
- **Math** – Sheet – Counting With Money – Count how much money is in each row and put your answer on the line. Count by 10s starting at 8 and going to 108.

Home Learning Pack – Week 1

- **Word Work** – Blends – Sheet – Read and Highlight – Read the sentences. Then highlight the words with the /sh/ sound. When you are done read the /sh/ words to someone at home. There is a highlighter in your pack.
- **Math** – Warm Up – Count and Move! – Put on a Jack Hartman Video, or count and move on your own.
- **Math** – Facts – Pick one set of facts from the orange sheet and work on them. Knowing your facts will help with adding and subtracting.
- **Math Game** – Try Snowman Bump or Math Card Game 10 Up; This one is in the purple Folder in Your Home Learning Kit that was sent home at the beginning of the year.
- **Writing** – How To Build A Snowman – Organization – Step By Step Instructions. How do you make a snowman? What steps do you take? How would you tell someone, who never made a snowman before? Yesterday, you were working on the first 2 steps. Today you can do steps 3 & 4 and finish the sheet. Add good details and make sure you tell things in order. Draw and colour a picture for each step in the boxes. Use the snowman word sheet to help with your writing.

Calendar and Weather

- Go over the calendar and weather. There is a calendar page added to the Documents section on the class page, or you might have a calendar at home to use.
- Check the weblink for the weather. Compare the temperatures for the next 7 days. What is the high? What is the low?

Technology/On-Line Programs

- If you have access to a device and have some extra time, you can log on to Squiggle Park or Dream Box Math and play.
- Some students still have their agendas at home and the codes and passwords are taped on the inside cover.
- Those who don't have their agendas, I emailed the codes and passwords. If I missed someone, please let me know.

Home Learning Kits

- Just a reminder that you can also use materials from the Home Learning Kit that was sent home at the beginning of the year if you are looking for extra activities.
- There are lots of math games you can play with your family too.

Outdoor Play

- It is supposed to be a nice day, so try to get outside, enjoy some fresh air and play!
- Check Mrs. Dickson's page for some fun Phys. Ed activities.

STEAM Time

- I have added a STEAM Choice Board under the Documents Tab. Try to do 1 activity during the week.

Photos

- Send along pictures of any of the activities you do. I would love to see them and will add them to our class page to share with the rest of the class.

I am available throughout the day by e-mail if you have any questions or need support with activities. I am here to help, so please reach out for anything you need.

lisa.sullivan@nbed.nb.ca

Thank you for your help and support at home, it is appreciated!

Have a super day and a fun and relaxing weekend Grade 2!! I miss you and hope to see you soon!!

Take Care

Ms. Sullivan
