

Fishing Fun!

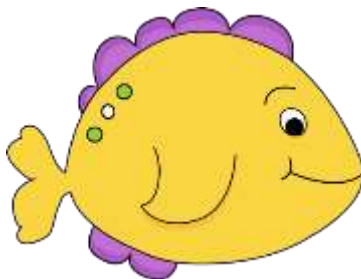

Have you ever gone fishing? I love it! I go all the time. We have a great time every time we go, even when we don't catch any fish!

I go with my family. There is mom, dad, my brother and me. Even our dog Max comes fishing with us too, but he has not caught a fish yet!

We like to go out after supper to do our fishing. The best spot we have found so far is along the shore of the river, just under the bridge. There are a lot of fish there. Sometimes you can even see them jump out of the water!

The most fish we have caught at one time was 21! We could only keep 5, because the rest were too small, so we had to put them back. It is so exciting when you feel that tug on your line and then you get to pull it in and see what is on the end!

Fishing is great! I can't wait until we go again!
