

Home Learning January 11 - 14

Tuesday:

Math: For a "Warm-Up" practice counting by 2 to 50

- Write out the 2 times tables.
- If someone is available to quiz you, see how fast you can answer some 2 times table questions.
- Review: work on the first sheet in your packet (Place Value and Adding 3 Digit Numbers)
- In the back of your packet there are some Math Games. If you want, you can take out the first one, "Let's Compare" and put it in the plastic sleeve (so you can use it over and over). You will need a deck of cards to play this game
- Spend 20 minutes on Dreambox or Boom Cards (I have added new Boom Cards). Contact me if you need login info

Literacy:

- Read a book of your choice for 20 minutes
- Find the "Reading Choice Board" in your packet and choose one activity to complete
- Work on the "Using Adjectives" sheet in your Learning packet> Do both the front and back of this sheet.
- On a piece of paper, write a complete sentence to describe each member of your family. Underline the adjective in each sentence. Example: My mom is a wonderful cook, and she makes delicious lasagna.

STEM:

- Create a marble run out of toilet paper and paper towel rolls!
- Check out some tips on this link: <https://happymomhacks.com/diy-cardboard-marble-run-ideas/>
- Take a picture with your finished project!

Make sure to spend at least 30 minutes being active today! In your packets, there is an "Active Choice Board." Choose at least 5 activities from this or...put on some music and DANCE!

I also found this resource with lots of quick workouts for kids...you might want to give it a try! [Kids Workouts To Do At Home](#)
