

Grade 6H and 6Y Learning at Home with Mr. B Last Week June 8 to 12

Hello Grade 6s,

This is our last week of school for the year, and I appreciate your patience during this home learning time. I know that the past few months was not the easiest or most productive way to have school.

As of today, I am not sure what the fall will bring, but keep being you, be kind, and be safe.

Have a great summer.

This week please work complete if you have time.

1. **What I've Learned About Myself or What I can Teach You:** This a fun little video assignment where you can make a small video where you either explain something you learned about yourself while at home all this time, or teach us a skill or bit of knowledge, or how to do something which you know a lot about. **Due June 12.**

Continue on completing:

2. Your Book Promo (See explanation under the PDF below)
3. **Reading each day**

Remember to keep reading, (web links on my page have free e book downloads) jotting down notes for your **book promo** (see explanation and an example Mr. Bosma posted here and on teams). Do what you can, email and ask questions through teams or set up a meeting time with me on Teams for explanation if needed.

Min-Essay only if you have time

I can also video chat on Teams and share my screen from my lap top to better explain each lesson.

**** Remember when revising/editing to use STAR – Substitute better words, Take out what is not needed, Add words, sentences, or punctuation, Rearrange your writing.**
