

## **7B and 7M Learning at Home with Mr. B – June 8 to 12: Last Week of School!**

Hello Grade 7s,

This is the very last week of school for you, and it is a week earlier than if we were in usual times.

There is only one new home learning assignment this week. It is a writing, but mainly speaking activity where you can create a visual or audio video. Missed you all these last few months, but hopefully in some way we can see each other in real time in the fall. We will see, regardless I will be teaching you in the September.

Have a great summer!

**New Home Learning:** Your Last Assignment at Nelson Rural

### **My Time Away from Nelson Rural Video/Audio Testimonial – PDF**

- *Look for the PDF with this title. It is video/audio creation where you use your speaking skills to explain what this last term of your grade 7 year has been like away from the halls of Nelson Rural School.*

**You also have this week to complete the below (if possible) :**

- **Music Lyrics Analysis Assignment Example PDF:** Mr. Bosma has posted an example of some song lyrics and how he found and explained different figures of speech, imagery, and then explained the meaning. Check it out to help.
- **Music Lyrics analysis assignment PDF** of analyzing and explaining a song or poem – An assignment to work on over the next two weeks where you analyze parts of a chosen song's lyrics looking for figures of speech, meaning, and your own reaction. **Please read the PDF explanation.**
- **Continue Reading 30 minutes a day**

**See all the PDFs below for explanations on learning material and assignments this week.** I will try to put up a new video by Friday.

Take care,

Mr. B
