

Mr. Bosma's Mascot Intro Example and Explanation

Please attempt your own intro with a strong hook and then claiming what you arguing in the topic you chose. Look at this example about our school need for a Mascot as an example.

When you have finished writing and revising your own intro on your own topic, please email it to Mr. Bosma for some feed back.

Intro Example

(Hook) Imagine a large Viking bursting through the gym entrance door waving a big foam axe, as he dives into the center of a packed gym. Some scream, some laugh and giggle, but all are focused on this Raider. (Thesis - What you are claiming in your argument) This could be a reality at Nelson Rural School in 2020, as it is time to have our own Raider Mascot! **This argument will prove we need a mascot purchased for NRS as it will boost overall school spirit, it will pump up the crowds, and finally many other schools in the area already have one.**
